

Good day

Dear Barbara,

I have attached photos of the children wearing the shoes and t-shirts. I gave t-shirt and shoes to the volunteers. Each child were given 2 pairs of shoes, and a t-shirt. The remaining shoes and t-shirts were distributed to the very poor children in our community (Park Rynie). I feed the children the Food4 Africa cereal every day, and it absolutely amazing, they have their cereal in the mornings and they don't feel hungry during the day, but I do provide some sandwiches for them for lunch.

The children from my crèche are so happy on receiving their shoes and t-shirts. They are really grateful and appreciate it. Barbara, the crèche where i educate the children is really not up to licensing standards, We need toys for the children and also some stationery for the bigger children. I have 5 rooms for these unfortunate kids but at times they have nothing to do as I don't have so much of indoor equipments but I try and accommodate them somehow instead of them being on the streets.

I would be more than appreciated if you could please help out with some toys (used toys are fine) and stationery for these 16 children. Since i distributed the remaining shoes in our community, I see there is a great demand for these shoes, more poorer children come in and ask for shoes and t-shirts. Now i ran out off them as it is finished. I would e-mail you these children's shoe size if you do have more shoes and t-shirts.

Barbara once again thanks for everything. You bring brightness and joy into these little ones.

Thank You
Rebecca
